Each year members and adherents of our church give thoughtfully and generously with the monies that are needed to meet the costs of serving our families in the modern church. Thanks to all of you we maintain our church building and pay our mortgage. We contribute monies to support the wider church in our city, province, nation and around the world. We also provide ministry and music through your financial contributions. Each gift from every family in our church is important and deeply appreciated.

In addition to treasure, many of our members, both individuals and families, give generously of their time, energy and talents. These gifts fuel the work of our church within our community. We thank you for these gifts too.

Now is the time to make your individual and family commitments for 2020 and let us know how you plan to support our church this year. This information is of great assistance to our planning as well as yours. Thank you.

For your records: Our 2022 pledge to Riverbend United is: \$ _____ per week, month, year
